

Tension Map

- ▶ The Tension Map will show how much the garment has stretched by % in the Length and width.
- ▶ Areas with colors closer to white shows no addition stretch and areas with colors closer to red shows more tension.
- ▶ Look for the areas closer to red to know where to adjust to the pattern, incase the garment is too tight.

Pressure Map

- ▶ The Pressure Map will show how much the garment adds pressure in specific areas
- ▶ Areas with colors closer to white/no color shows no addition stretch and areas with colors closer to red shows more tension
- ▶ Look for the areas closer to red to know where to add to the pattern, incase the garment is too tight.
